**Brett Fagan**

**Aimee Gerharter**

**Bruce Gerlach**

**Roxanne Klingensmith**

- Provided shelter and opportunities to 98 people. This includes 28 separate families comprised of 51 children and 47 adults. We have hosted 15 babies under 2, ten preschoolers under 5, 23 children under 12, and 3 teens.
- 10 Host Congregations and 11 Partner Congregations are active participants. All congregations have at least one skilled volunteer coordinator and have actively recruited and organized volunteers to help provide 24 hour services.
- 709 volunteers have completed the 3 hour Family Promise training necessary before providing direct guest services.
- These volunteers have contributed over 18,000 direct service volunteer hours of service since 2006! Additionally, 683 days of home-cooked dinners, healthy breakfasts, and sack lunches have been provided to our guests.
- The Family Day Center at 209 South Tracy has been painted, is full of warm, comfortable furnishings, and is a safe haven for families during the day and on the weekends.
- A full-time Executive Director and Family Case Manager who are professional social workers have actively assisted families in regaining independence and provided valuable case management activities. Of the 25 families who have completed the program, 18 families secured permanent homes. This is a 72% success rate overall, and a 95% success rate for those completing the program! We will follow these families over the next year to ensure their success continues.
- A full-time VISTA volunteer is available as a Volunteer Development Specialist until July 2008.
- Social service agencies are aware of Family Promise and making appropriate referrals to our agency. We are actively working together to coordinate service delivery and not duplicate services.
- The population at large has an increasing awareness of homelessness in the Gallatin Valley, with 35.9% of Family Promise's funding from local individual contributors.
