

Vehicle Acceptance Guidelines

This policy has been adopted by Family Promise of Gallatin Valley to lend guidance to those considering gifting a vehicle to the organization, as well as to staff who work with them.

- After initial staff assessment, FPGV will bring the car to a mechanic to ensure the car is in adequate running condition with no foreseeable major repairs.
- If the car is in adequate running condition, FPGV will coordinate the title transfer between the donor and the donee. If the vehicle is being transferred directly to a Family Promise participant:
- FPGV will pay the titling and registration fee and up to 3 months of insurance, dependent upon budget capacity.
- If FPGV retains ownership of a car, the Operations Committee will re-evaluate holding onto a vehicle every 3 months.
- Family Promise will produce the donor a 1098C form for tax purposes if the claimed value of the vehicle is over \$500.
- Family Promise reserves the rights to sell the car after 180 days if a suitable recipient is not found. Proceeds from the vehicle sale will support the general operating fund of Family Promise of Gallatin Valley, INC.
