

Impact Report 2021-2022

"Family Promise helped my family by giving us piece of mind that we are safe, that we can do it, gave us our flames back to still keep going, gave us a car to get to doctor's appointments, became part of our family, and we can't say thank you enough for all of it."

2022 was a transformational year for Family Promise and the families we serve. It is only because of your investment in Family Promise and your belief in the strength and resilience of the families we serve, that together, we've accomplished so much.

Awarded \$1 million from the State of Montana, enabling Rising Stars to continue serving vulnerable families, ensuring no family must choose between paying rent or paying for early learning.

Designed and implemented a program to divert families from the trauma of entering shelter by providing rental assistance, gas cards, and landlord mediation.

Awarded \$1 million to build a new shelter.

Increased staff size from 17 to 34 to serve an increase in growth of 164% individuals over last fiscal year.

We are grateful for your support of Family Promise and your belief in the strength and resilience of the families we serve. Every day, we have the privilege of working with dedicated, hard-working families - families who are fully invested in their future and the stability, care, and growth of their children, grandchildren, and siblings. We are proud to be a trusted support, empowering families with access, resources, and a future filled with independence and stability.

Prevention/Diversions

Temporary assistance needed to maintain or move into stable housing, including rental payment assistance, landlord mediation, and transportation and utility support.

Alyssa, Michael, and their daughter were excitedly planning for the new addition to their family. Unfortunately, their daughter would soon be born with a serious heart condition, requiring over one month of surgery and treatment outside of Montana.

While focusing their efforts on caring for their daughter, they were unable to work. Over 30 days of motel, food, gas, and living expenses became overwhelming. **This young family was being forced to choose between paying to care for their new-born and paying their rent.** Over fear of losing their housing and returning to Montana only to be homeless, they contacted Family Promise. Family Promise was able to pay their rent and ensure they had warm and safe home waiting for their return.

Emergency Shelter

Family Promise serves individuals who are pregnant, families with children under the age of 18, and families of all compositions. We currently have two emergency shelter locations which provide immediate assistance for families at risk for being exposed to the outside elements .

Stabilization

We believe that by providing transitional housing, coupled with a case management plan, families will be equipped to successfully navigate Bozeman's unique housing environment. Currently, we own or operate 10 different housing units.

45% Increase in the Number of Families Served Last Year

Families Were Welcomed into Transitional Housing

Graduated Support

Our goal is not just for families to attain housing, but it is keeping them housed for the long term.

433% Increase in Graduated Support Services

Families Received Support After Program Graduation

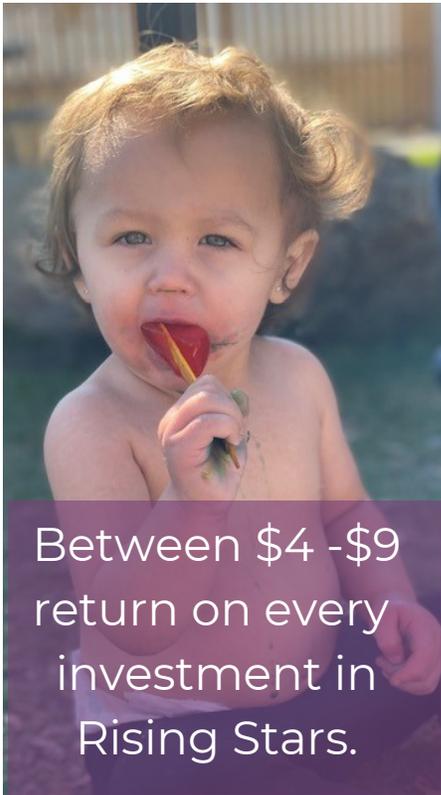

Transitional Housing provides families with the opportunity to stay in Family Promise housing for up to two years while following a graduated rental plan.

Families begin by paying below market rate, with increases every six months for the duration of their stay. Upon moving, half of the total rent amount is returned to the families so they have a deposit for a new rental, money to purchase transportation, a funds to put a down-payment on a home.

"I recently applied to be on the Rising Stars waitlist and I just have to say it made me love you all even more because we have applied for a handful of daycare waitlists and you all asked questions that nobody else in this community is asking. My heart swelled when I saw the question about integrating family and cultural traditions into your daycare program. Thank you all for having such an inclusive mindset and approach to your work!"

Rising Stars Early Learning Center

Between \$4 - \$9
return on every
investment in
Rising Stars.

Rising Stars Early Learning Center opened in February of 2022. Providing affordable, quality child care and early learning opportunities to children not only improves developmental outcomes, but allows families to more fully enter the workforce, increasing their ability to provide for their family and boosting our local economy.
